

TD/SD 302

Diesel

Trailer or van mounted

Specification TD/SD 302

Pressure:	30-300bar / 423-4233psi*
Flow:	18l / min 1080l / h*
Pump:	Hawk industrial pump
Max Temp:	99°C-150°C**
Engine model:	Kubota D722
Engine power:	14kw / 19hp
Fuel/cylinders:	Diesel / 3 cylinder
Fuel tank:	77litres
Water tank:	345litres
Trailer dimensions:	277x160x160cm
Van mount dimensions:	134x115x127cm
Weight TD/SD:	620/460kg

* infinitely variable pressure and volume

** higher temperature can be achieved at reduced flow

Standard Features/Equipment

- Water cooled diesel engine
- Spray gun and lance
- 30 meters water supply hose on reel
- 30 meters high pressure hose on reel

Safety Features

- Automatic engine cut out on:
 - Open engine lid compartment
 - Low water
 - Closed chimney lid
- Flame surveillance (for automatic safety cut out)
- Current temperature display
- Oil pressure sensor
- Engine overheat protection

Ideal Applications

- Building cleaning
- Graffiti removal
- Paint stripping
- Street cleaning
- Chewing gum removal
- Fly poster removal
- Industrial cleaning

Optional Equipment
